Dear Parent/Carer

National 5 Prelim Study Support Classes

The National 5 prelim exams for our senior phase students begin on Monday 9 January. I am writing to let you know that the school will be running a block of after-school study support classes to help the students revise and prepare for these important assessments. Teachers are offering numerous after-school study support sessions and we strongly encourage our students to take advantage of the extra help which is available at this crucial stage in the year.

Classes will take place after school from 4-5 pm and will be running on various dates during December. Please see the school website for more details of the classes we hope to run. After each session, students will need to make their own travel arrangements as transport home is not provided.

Our teachers are willing to give up their time to offer these classes but we can only run them if there is sufficient demand from students. Pupils will be completing the study support options sheet in school over the next few days, and thereafter your son or daughter will receive a personalised timetable showing the dates and times of the classes he or she has opted into. I would ask you to encourage your child to take up this opportunity to receive some valuable extra support prior to the prelim exams. You can also help your child by encouraging and reminding him or her to attend the sessions when the time comes.

If you need further information about our study support programme, please contact me at the school.

Yours sincerely

Mrs J McMillan
Principal Teacher
