March 2021

Dear Parent/Carer

Study Support Classes for National 5, Higher and Advanced Higher

I am writing to let you know that our programme of lunchtime and after-school Study Support classes for students taking national qualifications will resume immediately after the Easter holiday. As the school community recovers from lockdown, staff are keen to give our learners as much support as they can before the course assessments take place. As you can see from the enclosed programme, learners will have the opportunity to receive additional help with a wide range of subjects every week, both at lunchtimes and after school. These sessions will be on offer between Monday 12 April and the end of May.

Students may attend as many of these study classes as they wish, as and when they need to. Teachers will be happy to tailor the sessions to the needs of individuals, help them catch up, or explain any part of the work that a student is finding challenging. I would strongly encourage every student to take up this opportunity to receive extra support with their subjects, and to do so without delay. The alternative certification model for this year's SQA awards means our students need to do their best in every assessment opportunity we give them.

Our teachers are more than willing to give up their time to offer this support, and it is important that any student in need of extra help takes up the opportunities being offered. We would appreciate your support in encouraging your son/daughter to attend these classes whenever they need to. There is no need to sign up in advance and students are welcome to join in at any time.

Unfortunately this year we will not be able to offer the Easter school classes in the normal way. Instead we will be encouraging all students to take part in the National e-Learning study support offer from e-Sgoil. This will provide real-time interactive webinars covering National 4 to Advanced Higher for most subjects. The programme will focus on key aspects of the subject(s) and hints and tips on how to be successful in assessments. There are many useful study resources available via the following link: <http://www.e-sgoil.com/easterstudysupportsessions2021/>. Subject teachers will also publicise suitable resources for Easter holiday revision and home study via your child's class Teams.

If you need further information about our study support programme, please contact me at the school.

Yours sincerely

B Graham
